Remarkable View Newsletter - 2009

2009 has had a wonderful start to the season and it is nice to see a green country side and ample rain at this stage. The vines have been late shutting down. The barrel pruner is working at the moment and we are confident that the season will be good.

2008 and 2009 seasons were challenged with very high temperatures at harvest time and 2008 was more productive than 2009. Harvest for 2009 was a long drawn out event as the regions seem to hit harvest all at the same time. The only disappointment was that our Sangiovese grapes were not harvested and still all hang on the vines – they have had little water and still produced a heavy crop. We hope we can find a buyer this year as it is a very popular wine at the cellar door.

The cellar door still continues to run every weekend and public holidays and many of our visitors are still very surprised to see a cellar door in the Southern Flinders Ranges. The region is becoming more widely recognised but we still have to push to get it known. Todd and Brooke have built a house at Murray Town so if anyone is passing during the week and requires wine, you are more than welcome to drop in and if you find them at home they are very willing to help you out.

Port has become one of the top sellers and we now stock it in 2 litres 5 litres 10 litres and 20 litres. We now are able to store the wine in our own barrels on site and decant when necessary which keeps the wine ageing.

Grenache 2005 Tempranillo 2005 and Petit Verdot 2005 have been put on the wine list now. 2005 and 2006 Shiraz have been bottled and will come on to the tasting list soon.

We are updating our data base and if you wish to be notified of any specials please send your email address to wines@remarkableview.com.au

We are still supplying 1 dozen wine freight free to your door by Australia Post anywhere in Australia.
